

Egress Bag (Bail Out)

The RIT Egress Bag holds up to 75' of 3/8" Kevlar Tubular Webbing, two NFPA carabiners and the RIT F.I.R.E Descender. This bag is designed to attach to your SCBA waist strap or stow in the bellows pocket. The Egress Bag (bail out) is self contained but not pre-rigged. To activate, extend the first carabiner and attach to an anchor point. Attach the second carabiner to a load bearing attachment point on your rated harness or belt. You are now able to lower yourself to safety.
